Director
Defense Intelligence Agency

SUBJECT: The Current Situation in Eastern Europe

Per our 16 August telephone conversation,
attached for your information is the note on "Unease
in Eastern Europe" which I gave the Secretary
when I saw him earlier that day. It responds to
some questions he raised at our previous session
and in handing it to him I made it clear that
this was not a coordinated Community paper though
to the best of my knowledge our colleagues else-
where in the Community would probably be in general
accord with the comments contained in it.
